

Evergreen Power Systems, Inc.  
3623 East Marginal Way South  
Seattle, WA 98134

Subject: Letter of Recommendation

Attention: Jim Mackey

It is with great pleasure that I am able to issue this letter recommending Evergreen Power Systems Inc. as a preferred installing contractor for the Rotary UPS Solutions provided by E1 Dynamics for mission critical applications for the Western United States.

After completing factory training, and evaluating your experience in the power integration industry, we are confident our partnership with Evergreen Power Systems will exceed customer expectations in the design, delivery, integration, and long term service of these power solutions for your clients.

By evaluating the total power needs, environmental concerns and availability requirements, together we will put the customer first as we design for the most effective and efficient UPS Solution available. Using the E1 Dynamics Rotary UPS, manufactured by Euro Diesel, we can support full turnkey installations for the most complete and reliable power distribution on the market.

We are pleased to be partnered with such a reliable and efficient organization.

Kind regards,

A handwritten signature in black ink, appearing to read 'Bob Suchon', with a stylized flourish at the end.

Robert (Bob) Suchon  
President  
E1 Dynamics Inc.
